Brandt 8672

Currency counting machine

With currency-specific authentication

The Brandt 8672 high function, heavy duty desktop currency counter, provides currency specific authentication at speeds of up to 1750 notes per minute.

The heavy duty machine provides smooth, fast and reliable processing of banknotes and other documents, such as cheques. With a choice of three throughput speeds, the Brandt 8672 adapts automatically to individual note characteristics enabling more constant counting and is ideal for environments where high volumes of notes are processed.

Glory Global Solutions is a World Expert in cash management, delivering technology and solutions that provide security, productivity and innovation to our customers. These solutions are supported by the technical expertise of GLORY Group of Japan, the pioneer in development and manufacture of money handling machines across the financial, retail, vending machine, amusement and gaming industries for nearly 100 years.

Across the world, Glory Global Solutions is trusted by thousands of organisations to ensure their cash is managed securely and efficiently whilst delivering the ultimate in productivity. 2,500 professionals, including over 1,300 service and support staff and 350 business partners cover over 128 countries delivering these solutions – wherever money moves.

Multiple functionality

Rogue note detection by height (SD) is standard on all models. With currency-specific counterfeit detection options and 3 levels of totals, the Brandt 8672 is suitable for use in cash centres and large retail and commercial deposit proofing and preparing centres.

Easy to use

The large LCD display and touch pad places the control of the machine at the operator's fingertips. The wide document loading and removal trays ensure fast, efficient processing.

Range of options

Models are available with the following counterfeit detection options:

UV – checks banknote paper for fluorescence

EMG – measures the presence of magnetic ink

MTD – checks for the presence of metal thread

Intelligent

An RS232 serial port fitted as standard provides an easy interface to a printer, PC or other device for reconciliation.

Brandt 8672 Technical Information

Speed range	600 - 1750 notes per minute
Document size range	51 x 102 mm to 108 x 241 mm
Capacity	Feed Hopper = 1000 notes Output Stacker = 200 notes
Display	LCD
Connectivity	RS232 for PC
Dimensions (H x W x D)	381 x 391 x 267 mm
Weight	10.2 kg
Power supply	100 – 264V AC, 50/60 Hz
Power consumption	87W
Manufacturing standards and approvals	CE
Detector options	Magnetic counterfeit assist (EMG) UV detection aid Metal thread detection (MTD)
